SECRECY SHROUDS NOVELMENTS IN HUNT FOR LINDBERGH BABY

SPITALE FREED OF CHARGE ENABLING HIM TO AID SEARCH

NEW YORK GANGSTER TO GO TO DETROIT IMMEDIATELY TO FOLLOW "LEAD"

BULLETIN!  
New York, March 12.—(U.P.)—Salvatore Spitalo is free to resume his secret operations towards return of the kidnapers of Baby Lindbergh, for a federal jury today found him not guilty of a liquor charge.  
During the trial, Spitalo's attorney announced that as soon as the liquor charge was cleared up, Spitalo would go to Detroit to follow a "lead" in the case.

Hopewell, N. J., March 12.—(U.P.)—Police forces throughout the nation, spurred by a fresh appeal for aid in solving the Lindbergh baby kidnaping mystery, engaged today in a renewed hunt for real clues.

The New Jersey state police, the source of this latest request for assistance—under a pledge of utter confidence—admitted in their 10 a. m. press communique that the past 24 hours' efforts had not been productive.

Little Activity Noted  
Further, they revealed that they have "no control or supervision over the activities of Col. Lindbergh or his representatives in any respect."

This means that the Lindberghs and their personal counsel, Col. Henry Breckinridge, are free to negotiate with the kidnapers, untrammelled by police intervention if they can establish a genuine contact. Efforts to achieve this still proceed.

The Lindberghs showed new activity, and it became known that the big limousine of a partner of Breckinridge was being used to convey underworld characters between New York and Hopewell. This machine was speeding out of the Lindbergh estate at breakneck speed this afternoon, carrying a swarthy man who appeared annoyed at reportorial pursuit.

The police after issuing their nationwide request for fresh tips which they said they would guard with the deepest confidence, declared today the police agencies have been active, and that departments outside the state have been acting independently in an effort to cooperate.

A feeling grew that the case rapidly is approaching the point where the kidnapers may feel that the "heat"—in gangland parlance—has been sufficiently turned off to enable them to negotiate in comparative safety. That is to say, they may feel that there is a sufficient relaxation of tension to make the coast fairly clear for them.

State troopers also revealed that they are searching for an itinerant laborer who worked in Hopewell about four weeks prior to the kidnaping, and at about the time the Lindbergh child was abducted, disappeared. They have been unable to find any trace of him to date, they said.

Missing Coast Guard Boat Found; Crew Safe

New York, March 12.—(U.P.)—The distressed coast guard patrol boat 218 has been taken in tow by the British steamer Dakotan which is proceeding toward Nantucket, a Radio Marine message reported today.

The message said the seven members of the crew which has been battling a storm the past five days since leaving Cape May, N. J., were safe. The steamer first sighted the patrol boat about 400 miles southeast of New York.

In a message to the coast guard base, intercepted by Mackay Radio, the Dakotan said the 218 was asking for "immediate assistance." Nine coast guard boats conducting a search in

Since her husband's death she has devoted her life to her grandson.

Her father, her father was in the employ of the Hudson Bay Company after being discharged from the Union army. When seven years old Mrs. McMannis traveled with her family overland to Moorhead, Minn.

At the fiftieth anniversary of the settling of Moorhead held in May 1913, Mrs. McMannis was honored as one of its earliest settlers.

Adeline F. Hodges was married to Jas. A. McMannis March 14, 1886. Their family consisted of one daughter and three sons, Mrs. M. Adeline Smiley, formerly a teacher in the Brainerd school but now teaching in Duluth; George A., residing at Ironton; Jas. Wm., whose whereabouts have not been known since he returned from service, and Charles H. who died before the family came to Brainerd. Mr. McMannis died January 26, 1930.

LEAGUE WILL NOT RESPECT LEGALITY SEIZED TERRITORY

UNION WILL NOT RECOGNIZE LEGALITY PRIVILEGES GAINED IN VIOLATION ANTI-WAR PACT

Washington, March 12.—(U.P.)—The great powers of the earth, with three exceptions, stood united today in a determination to withhold the fruits of victory from violators of the Kellogg peace pact.

This union was achieved by the League of Nations assembly resolution declaring the league would not recognize legality of privileges or territory gained in violation of the anti-war pact.

Stimson Jubilant  
And Secretary of State Stimson, who first laid down this doctrine, rejoiced in its almost universal acceptance, reading the following statement:

"The nations of the league at Geneva have united in a common attitude and purpose towards the perilous disturbances in the far east. The action of the assembly expresses the purpose for peace which is found both in the pact of Paris (the Kellogg pact) and the covenant of the League of Nations.

"In this expression all the nations of the world can speak with the same voice. This action will go far toward developing into terms of international law the principles of order and justice which underlie those treaties, and the government of the United States has been glad to cooperate earnestly in this effort."

Outlines Efforts  
The immediate efforts of the league resolution—on which China and Japan did not, and Russia, being outside the league, could not, vote—were viewed here as follows:

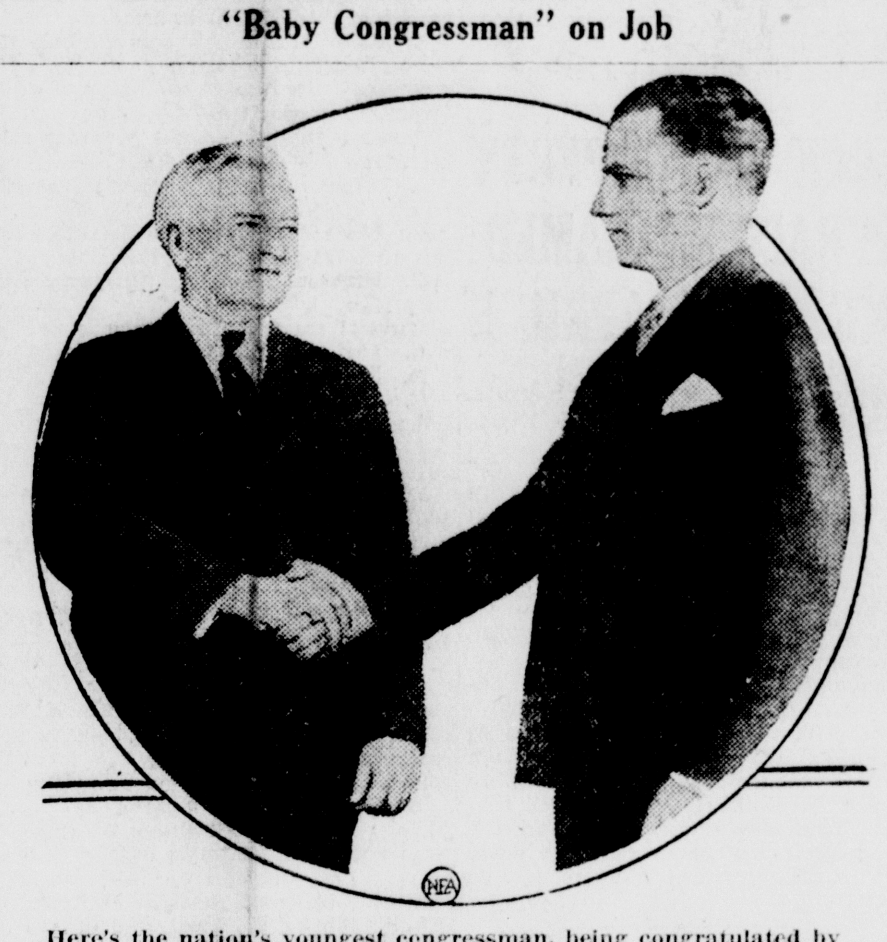

1. None of the league powers nor the United States will recognize the new Manchurian government of Henry Pu-Yi, allegedly set up by Japan after destruction of the Chinese provincial government.

2. None of the powers subscribing to the new doctrine will recognize any new treaty rights which Japan may obtain from China under pressure of military occupation.

The non-recognition of forceful gains, a new instrument in diplomacy which may go down in history as the "Stimson doctrine," was first enunciated by the secretary in a note to Japan and China Jan. 7. He said:

"\* \* \* The American government deems it to be its duty to notify both the governments of the Chinese republic and the imperial Japanese government \* \* \* that it does not intend to recognize any situation, treaty or arrangement which may be brought about by means contrary to the covenants and obligations of the pact of Paris \* \* \*"

EPIDEMIC KIDNAPING ATTEMPTS CONTINUES

Poplar Bluff, Mo., Mar. 12.—(U.P.)—Two negroes were held incommunicado in jail here today while authorities investigated what was believed to have been an attempt to abduct the 11-year old daughter of a newspaperman here.

Molly Horton, daughter of Will W. Horton, was slugged, bound and gagged and carried into a clump of woods Thursday night, her father reported to police. The abductors apparently were frightened away.

The girl regained consciousness an hour later, succeeded in loosening her bonds and made her way to the home of her grandfather, M. C. Horton, president of the Bank of Poplar Bluff.

The negroes, Lewis Jones and Ellis Blackmon, were arrested late yesterday. Sheriff Lester Massingham said he believed the girl was seized with the intention of demanding ransom.

Riverton, N. J., Mar. 12.—(U.P.)—An employee who was discharged some time ago by Claude J. K. Anderson, artist, was sought by detectives today for questioning in connection with the attempted kidnaping of Anderson's 3-year old son, Chilton.

Anderson told Clinton Zeller, a detective assigned to the case by Ellis Parker, chief of Burlington county detectives, that the former employee had a full set of keys to the house which he did not return until three weeks after he was discharged.

The kidnaping was frustrated by Anderson, who was awakened by a noise in the child's room at 1:30 a. m. yesterday. He entered the room and saw a man leaning over the crib. They struggled and the intruder broke loose, rushed down the stairs to the first floor and escaped through a rear door which was found unlocked.

Salaries Farm Board Unit Heads Labeled as "Legalized Graft"

Washington, March 12.—(U.P.)—Salaries paid executives of cooperative and stabilization corporations sponsored by the federal farm board were denounced in the senate today by Senator Borah, Rep., Idaho, as mounting to "legalized graft."

The salaries of from \$20,000 to \$75,000 paid by farm agencies were denounced by Borah as the senate debated confirmation of three board members, Frank Evans, Utah; William F. Schilling, Minnesota, and Sam H. Thompson, Illinois.

Senator McNary, Rep., Ore., denied the farm board was responsible for the large salaries, explaining that he laid "this racketeering, if it be such, to the cooperative organizations" themselves.

Borah said that as far as he was concerned, those responsible for the salaries must accept the position of acquiescing in what he termed legalized graft.

Senate wrath was loosed against the farm board and the Hoover farm relief program in general today under an agreement to consider nominations of three board members.

The nominations of Frank Evans, Utah; William F. Schilling, Minnesota, and Sam H. Thompson, Illinois, have been pending for weeks. All three are functioning as board members because they were appointed during a recess. But it has been the senate's pleasure to postpone confirmation—"to let them sweat a while"—as one senator expressed it.

Administration leaders are confident they will be confirmed. Protests of the agricultural west are less against the board personnel than against its policies, which tend to confuse some ob-

POLL PROMPTS DELAY IN CLOSING DEBATE ON \$1096000000 TAX BILL

Debate to Run on Into Next Week; Proponents Admit Opposition has Exceeded Their Expectations

Washington, March 12.—(U.P.)—Democratic Floor Leader Henry T. Rainey announced today that his poll of the house indicates defeat of the sales tax.

The situation disclosed by the poll caused house leaders to decide against closing general debate today on the \$1,096,000,000 tax bill.

The leaders decided to let debate run on into next week until things simmer down. They are still hopeful that the opposition will exhaust itself in exploring alternative taxes and will finally return to the sales tax as the most practicable means of balancing the budget.

Standing Not Tabulated  
Rainey did not tabulate any numerical standing on the sales tax, but the results of his survey were definite enough to make all the house leaders downcast—Speaker Garner, Rainey, Acting Chairman Crisp of the ways and means committee and Republican Floor Chief Snell.

"Those fellows who are making spread-eagle speeches against the sales tax on the floor will be permitted to go on as long as they like," said Rainey. "If they defeat it, we will call the ways and means committee together in a minute and report out the Mills plan, which is even more obnoxious."

Crisp said there are apparently more republicans for the sales tax now than democrats.

"The opposition has exceeded our expectations," he added. "But I believe it will come around in the end."

Snell declined to make any predictions.

Other leaders thought Rainey might be unduly pessimistic.

They described the house as "milling and hauling" and they do not intend to let matters get to a vote until members have had an opportunity to think the matter out fully. That means a vote on the issue probably will not be reached until the latter part of next week.

Leaders Disagree  
There was disagreement among the leaders as to means of appeasing the opposition. Rainey thought nothing could be done for the canners, whose protests have been most effective. Crisp thought some corrective amendments should be considered.

REBEL UNION LEADER CALLS STRIKE MINE WORKERS MARCH 14

Wilkesbarre, Pa., March 12.—(U.P.)—A call for all miners in district No. 1, United Mine Workers of America, to go on strike March 14, was issued today by Thomas Maloney, insurgent leader.

Forty-four locals of the 120 in the district met and adopted a program of five demands to the operators of the Glen Alden, the Pittston, the Lehigh Valley, the Hudson and the Temple anthracite coal companies and several independent operators.

The demands were:  
1. Reopening of abandoned collieries and equalization of work.

2. Fulfillment of the five-year agreement by coal companies and discontinuance of wage slashing.

3. Restoration of wage scale where cuts have been made.

4. Abolition of the contract system of mining.

5. A general strike for Monday, March 14, for the district, unless demands are met immediately.

The strike call is not sanctioned by the United Mine Workers of America. Leaders of this organization have cautioned workers to remain on their jobs.

GERMANY AGOG AS LEADERS ROAR FINAL NOTES IN CAMPAIGN

Berlin, March 12.—(U.P.)—The big guns in Germany's exciting presidential campaign roared final challenges today, insisting on a vote for Von Hindenburg so Germany may "live," as 44,000,000 votes prepared to go to the polls Sunday.

Chancellor Heinrich Brüning brought the support of President Von Hindenburg to a climax in an address at Berlin's huge sports palace, packed by a crowd of 15,000 persons while thousands stood around loud speakers in the cold outside, and millions heard his appeal in a nation-wide radio broadcast.

"President Von Hindenburg must be reelected because Germany must live," the chancellor said. He received a great cheer.

The chancellor was tired and hoarse from his campaign tour. But he spoke sharply in an attack on the fascists (Nazis) supporting Adolf Hitler for the presidency.

Meanwhile Hitler and the Nazi's best orators addressed large meetings throughout the country.

"The vital decision hinges not merely on the election, but on whether we stamp out internationalism, democracy and pacifism in Germany," the fiery Hitler shouted at Dortmund.

At Munich, Premier Heinrich of Bavaria told a mass meeting that only reelection of the president could afford security against civil war.

New Daily Dispatch Press Necessitates Use of Two Freight Cars  
Two Northern Pacific freight cars laden with the new 16-page Goss Rotary press and the necessary stereotype equipment to be installed by The Daily Dispatch, were en route to Brainerd today, according to advices received by the Northern Pacific railroad here.

Use of two freight cars was necessitated when dismantling of the new press revealed one freight car inadequate to take care of the machinery. The shipment is expected to arrive here early this week and installation will begin at once.

The new press is expected to be in operation within two or three weeks. Excavation work for the "bed" is now completed and pouring of the concrete walls will begin tomorrow. A crew of 10 men have been busy in this work for the last two weeks.

## GATE TO DEMOCRATIC NAT'L CONVENTION, R EVIEWERS STATE MEET

Henry P. Dunn, Brainerd, elected as a delegate to the Democratic national convention from the sixth district at the state caucus in St. Paul last week, believes that should Franklin D. Roosevelt fail to muster sufficient strength at the national convention that the presidential nomination will rest with three national figures.

While reticent to give his views on the political outlook, Mr. Dunn revealed the belief that John Nance Garner, Newton D. Baker and Albert C. Ritchie loom as potential nominees ready to step into the scene should Roosevelt falter. He revealed this opinion in a veiled answer during an interview today following his return last night from the state caucus.

Being drafted as a delegate marks the second time Mr. Dunn will represent this district at a national convention. He attended the Democratic national convention in Houston as a delegate in 1928.

Mr. Dunn branded the stories glorifying the split between Democratic Smith-Roosevelt factions at the state convention as being highly painted. "True, there was a divergence of opinion among certain factions but there was an undercurrent indicating a favorable compromise of the state delegations," Mr. Dunn said.

Adoption of the resolution approving a referendum on prohibition drew only casual comment from Mr. Dunn. He told of heated discussion on the question that developed when the Rump convention urged outright repeal of the prohibition laws.

Returning to discussion of the presidential prospects, Mr. Dunn quoted the resolution favoring Roosevelt adopted at the state convention. "Should Roosevelt fail to get the necessary two-thirds vote, the Minnesota delegation will swing its support to the next favored candidate," Mr. Dunn said.

The police committee of the city council will make a recommendation to the next council meeting.

Officer H. B. Sande of the Brainerd police department will be in charge of the fingerprint identification if the department is established. The officer has taken special instruction in the work.

## SCHMOLKE SAYS HE HIJACKED STILL IN ADJOINING COUNTY

ADMITS MANUFACTURE LIQUOR, SENTENCED; SAID HE NEED MONEY FOR FARM

One of the questions put to Albert Schmolke, Roosevelt township farmer, who pleaded guilty to manufacturing moonshine whiskey, before he was sentenced Friday in district court today was:

"Where did you get the 100 gallon still you had in operation?" "I hijacked it over in Morrison county out of a swamp," replied Schmolke. Judge A. L. Sullivan each showed surprise at the frank answer.

After the state completed its questioning, Judge Thwing sentenced Schmolke to 30 days in the county jail and \$150 fine. In the event the fine is not paid Schmolke must serve an additional 60 days.

Schmolke stated that he started manufacturing liquor to make sufficient money to pay off debts on livestock, that already the farm he lived on had been foreclosed by mortgage. The farmer stated he was not aware that some of his liquor had reached Indians at the Mille Lacs lake reservation.

"I never sold the Indians. If they got any they got it through a white man," Schmolke said.

Schmolke said he helped to keep his father and his mother. Judge Thwing said that because Schmolke volunteered to plead guilty, thus preventing expense to the county, and by answering questions frankly and promising to refrain from engaging in the manufacturing of liquor hereafter, the minimum sentence would be imposed.

## COUNTY GAME CLUB APPLIES FOR EGGS PHEASANT HATCHING

The Crow Wing county Game and Fish Protective club has filed applications with State Game and Fish Commissioner W. D. Stewart for 100 pheasant eggs and also for a shipment of five Hungarian partridges and Chinese pheasants.

The club requests the names of ten volunteers from various parts of the county who will take ten eggs and set them under a hen of less than five pounds weight and rear them. Instructions will later be furnished on the care of the young until the birds become able to take care of themselves. Those desiring to help are requested to inform Deputy Game Warden A. P. Cardie, Brainerd.

Information on the preparing of eggs for sitting is contained in the following instructions by the game and fish department:

Any good sitting domestic hen, less than five pounds in weight preferred will do for sitting on pheasant eggs. Such hens must be free from mites or other insects. Nests should be directly on the ground under small oaks, and not in a hen house or other building. A coop and yard similar to that used on the state game farm should be made.

Upon receipt of notice of pheasant eggs to be shipped to you, good broody hens should be treated against lice. (Treatment given on the game farm is: Pyrethrum-Louse Powder against body lice; Conkeys Head Louse Ointment against head lice. Before hen is set on artificial eggs in coop for tryout, a dusting with pure pyrethrum is given.)

Eggs are distributed from May 15 to June 15. If the number of eggs applied for cannot be supplied, the applicant agrees to accept whatever number may be allotted.

A record must be kept of the number of eggs received, number hatched and number of birds reared, etc., so that cards used for this purpose can be accurately filled in and sent to the commissioner on September 1st.

Notice will be sent by mail a few days before eggs are to be shipped and applicant must be ready to receive and care for them according to instructions of the commissioner, which will be sent with notice.

Tourist Bureau directly opposite.

W. B. CLARK, Manager.

With spring just around the corner, the following group of Brainerd business houses have authorized me to make some very interesting announcements this month. There are real buying opportunities in these stores.

### NO MATTER WHAT

your taste in foods may be, you're sure to find something on the menu at Van's Cafe that will just hit the spot. They're making a specialty these days of spring dishes, delicately prepared to tempt the most jaded appetite. Just try an evening dinner for instance, at Van's Cafe. You'll agree that it's wonderful. And it's becoming quite the fashion, so they say, for the men folks to get up just a bit earlier these mornings and get a quick breakfast at Van's Cafe—it saves the lady of the house a lot of extra bother, and the men are more than satisfied, I understand.

### YOU KNOW, "BOILED"

milk is not pasteurized milk! The boiling point for milk is 212 degrees F., while pasteurizing consists of holding it at a temperature of only 142 degrees to 145 degrees F. for half an hour. In this process, all harmful bacteria are destroyed without losing those valuable, and wholesome properties of milk that make it essential to your health. The Russell Creamery has a pasteurized milk plant—a plant which protects you and your children's health. The Russell Creamery delivers milk of a superior quality—better ask them to stop at your house!

### HAVE YOU MADE

the acquaintance of the new "Quash" pictures? They represent a comparatively new type of art, a sort of combination of "in-between" a pastel and watercolor. The D. E. Whitney store is displaying a number of these unique pieces of art, and you will enjoy seeing them. As a matter of fact, the Whitney store is an extremely interesting place to visit. Lovers of art will find a wide variety of art works, beautifully framed or ready for framing. Mr. Whitney is always glad to offer suggestions or help in any way he can to guide in your selections, and he KNOWS pictures, as few people do.

### I HAVE A RING—

an aquamarine stone mounted in white gold. Do you know what aquamarine is? I didn't either, but I used Webster's and found out—"a transparent variety of beryl, typically of a bluish green color, used as a gem" and "beryl occurs in hexagonal prism, commonly green or bluish green, but also yellow, pink, or white. Aquamarine and emerald are varieties." And now aquamarine is the birthstone of March—if there's a birthday gift to buy for March, I'd suggest you drop into the Sedlock Jewelry Store and look at their rings. They're not too expensive and they truly are beautiful. My birthday isn't in March, but I like the stone nevertheless.

## Just Visiting in Betty Lou

### GIRLS, YOU AREN'T

the only persons interested in the dictates of fashion—I called on the Peterson Clothing Company and in there they're all talking about fashion. You men will find lattice check material in suits at the Peterson Clothing Company. There will be tan, oxford gray—browns of course—and that striking blue we saw last spring. Top-coats are light color tweeds and suit coats are two button affairs—now talk about styles, if you wish, girls, but remember the men are just as interested in their clothes and they'll find exactly what fashion says is right at the Peterson Clothing Company.

### DO YOU LOVE

to shop around? So do I! For example, I enjoy dropping in at the Geo. F. Murphy Dry Goods Store just to "browse" around among the beautiful things they have on display. I can say this for the Geo. F. Murphy Store, too, they don't make you feel uncomfortable if you don't buy. In fact, I see many Brainerd ladies in there, apparently touring the departments. I know just how they are enjoying themselves. Mr. Murphy, the manager, called my attention yesterday to a new spring line of dresses which is worth a special trip on your part. By all means, go in there and shop around!

### YOU CAN BUY JUST

as much or just as little as you wish at the Laurel Fruit Company—drop in and get some carrots, cabbage, celery, lemons and lettuce. Use one cup of grated carrot, one cup of chopped cabbage and celery combined, one tablespoon lemon-juice, one-half teaspoon salt, mayonnaise and after these ingredients have been well mixed serve on crisp lettuce leaves. You'll have an attractive dish—carrot salad—your guests and family will like it. If you shop around a while at the Laurel Fruit Company you're sure to find fruits and vegetables that will give your daily menus some variety.

### WITHOUT LOSING ANY

of the sentiments you naturally feel toward your home, you can remodel it and make of it the kind of a home you've always wanted. The removal of a partition, the addition of French doors, a change in the stairway—these simple changes can be made at a very small cost and they make a world of difference in the appearance of your home. I'll have to admit that it was an entirely new idea to me, until I was visiting with Mr. Geist at the Hayes-Lucas Lumber Company the other day. He showed me some simply fascinating plans for remodeling old houses and making really modern homes of them. And the thing that astonished me most was the cost of doing such a job. Labor, of course, is plentiful just now, and material is cheap—and you can remodel the whole house for far less than you imagine. If you're thinking of such a move at all, I'd suggest that you go to the Hayes-Lucas Lumber Company and talk it over with Mr. Geist.

### WINDS WHIPPING AROUND

the corners just a little sharper these days and what it does to our complexion can't be mentioned! You are trying to get along with the same cosmetics that you used last summer and winter, aren't you? It can't be done—at least, and expect a perfect result. No, you need some new creams and lotions to leave your skin well protected and prepared to face biting cold winds and rains and sleets. I'd advise your trying some of those Armand, Myndal Cain or Helena Rubenstein products at Johnson's Pharmacy.

### I DON'T KNOW WHETHER

you have ever thought about it, but there has been a tremendous advancement in musical education in the past five years. Music in the schools is being given a great deal of attention, which is as it should be. The Hall Music House reflects this advancement. Mr. Hall tells me that it is surprising the number of small boys and girls who are playing orchestra and band instruments, and playing them well, too. The Hall Music House carries an extensive line of musical instruments, and also repair parts for all instruments. This is a great convenience to local musicians.

### NO BANK HAS EVER

grown through one-time customers. A successful bank must have permanent patronage. The First National Bank here in Brainerd has grown on that principle and after a period of over fifty years you find it still growing and they could not have grown to their present status without an ever increasing patronage. The further growth of the First National Bank depends entirely upon its ability to please, month after month and year after year. I'm quite sure it can please you—drop in and get acquainted. You'll go back often after that.

### ABOUT THIS TIME

of the year youngsters play Run-Sheep-Run, Black-man, Hide-and-go-seek, with a vengeance! Off comes the hat and coat! A hot perspiring youngster catches cold. But you mothers shouldn't be needlessly alarmed—I saw a complete line of cold remedies at the H. P. Dunn Drug Store. They're reliable remedies and you'll be ready to meet any emergency with a stock of them in your medicine cabinet. If you have time while you're in at the H. P. Dunn Drug Store you'd enjoy looking over their Easter gift line, too.

### SHURE AN' IT'LL

be a glorious time for a party! Let's bide a wee at the Brainerd Office Supply Company. What with St. Patrick's day teeming with clever ideas for decorations and favors, faith, an' I'll be after giving a party myself! Green shamrocks bring visions of blue lakes and the emerald isle—Paddy and his pig adorn place cards! The nut cups! Frilly skirts are vivid green! Tallies and score cards bear the mark of St. Patrick! My word! What fun! Let's plan a green and white party and have Mr. Anderson help us in our selection. For they're no end of cute and cunning favors and Dennison paper to make your own favors at the Brainerd Office Supply Company.

### JUST A TINY BIT O' WHITE—

peaks out o' green now—but by Easter morn the lilies I saw at the Brainerd Greenhouse will be gloriously in bloom! To me there's always a reverent awe about Easter lilies—I love them! Mr. Peterson tells me the Easter season brings many and varied flowers—lilies—violets—primroses—and beautiful plants. For church or home decorations, or perhaps a shut-in friend would reap hours of happiness from a growing plant, which would certainly convey your Easter message to them most charmingly! Flowers for all occasions fresh and delightfully beautiful at the Brainerd Greenhouse. Call 774-W or drop in and see the gorgeous, colorful display!

### A MINT GELATINE—

sparkling green—with bits of celery and red pimientos in it—all served on a crisp green lettuce leaf! Green marshmallows—green olives—stuffed olives! Just suggestions for your St. Patrick's menu to celebrate the "wearing o' the green." Have you ever used vegetable coloring to color pears green for salads? There are heaps o' new ideas but whatever your needs in the grocery line, go to the A. & P. Food Store! Three meals a day mean much planning but buying at the A. & P. means plans need never go wrong for they always have choicest canned goods—fresh and cannot vegetables and staple groceries at A. & P. to meet your every need!

### AFTER SHOPPING 'ROUND

I'm convinced the budget for new spring clothes is going to go a long way toward enlarging your wardrobe. After selecting your dress, you'll still have enough left to match it with a hat and coat—to say nothing of the charming accessories—hosiery, costume jewelry, handbag—and, yes, a new "hanky." This is the time to buy and J. C. Penney Company has arranged a fine selection of coats, dresses, and hats to show you—everything you need for a successful outfit—right at the J. C. Penney Store.

### AROUND ABOUT THIS

time of the year one can think of so many new things that the house needs. A nice mirror would look well over that table and a boudoir chair for Betty would just about complete her room. A phone set out in the hall to take the place of that old shelf would make the hall look altogether different. New throw rugs all over the house help brighten things a bit and a nice little axminster rug over that worn spot where the children play all the time would make the play room rug do for another season. Drop in at the Patek Furniture Store and find all these things. Their display of furniture, rugs, etc., will suggest other things you really should have, too.

### STOP IT BEFORE IT STARTS

It is reassuring that the advances in medical science recorded by the osteopathic profession are to be measured in lessening the degree of severity of sickness and shortening the expected term of prostration and weakness. It would be a good idea to place yourself or your child in the hands of a competent osteopathic physician the next time a severe acute illness is threatened. It is altogether likely that the disease would not develop at all, and even if it did, the osteopathic care would at least be equal to any obtainable. You have much to gain and nothing to lose by this course. Osteopathy is the answer to a lot of physical troubles. It removes the pain by removing the cause. If you have never tried doctoring the children osteopathically, call Dr. E. C. Herzog and see how quickly a treatment will bring results.

Please feel free to visit any of these business houses at any time, whether you wish to purchase anything or not. Get acquainted with Brainerd business men. You will find them courteous and anxious to please.

Yours,

Betty Lou

## LINDY'S HOLD ON THE PEOPLE—

One of the most amazing things in recent history is the tragic events of the last few days have demonstrated anew the tremendous hold that Colonel Lindbergh has on the American people.

It is doubtful if any other American ever occupied a position quite like his. From being a human being, with ordinary frailties and imperfections, he has become—not exactly a demi-god who can do no wrong, but an institution which is established on an absolutely solid and permanent basis.

That flight to Paris is a long way in the past now. Other great flights have been made since then, other sensations have come and gone, other heroes have arisen to have their day in the limelight and then faded out of the picture; but the peak on which that amazing flight landed Lindbergh has grown higher with the passing years.

Probably no other conceivable event short of the nation's entrance into a great war could have stirred the American people as deeply as the kidnaping of the Lindbergh baby stirred it. During the past week it has been almost the only topic of conversation. You hear people discussing it on street cars and in buses; the waitress who gives you your sandwich in the restaurant, the bootblack who shines your shoes, the acquaintance you meet on the street—all have wanted to know the latest news.

And this hasn't been merely an evidence of public desire for sensation. The loss of the child was a personal matter to almost everyone outraged, and in a very real way they suffered with Colonel and one in the country. People did not simply feel that a horrible crime had been committed; they felt that their own deepest sympathies had Mrs. Lindbergh.

Many times in the past the public has shown how greatly it cherishes its most famous aviator. Now, in the time of his greatest sorrow, it has revealed the full extent of the way in which it has made him his own. Henceforth, apparently, we have an unofficial first citizen whose status cannot change; and, in his charming wife, we have an unofficial, deeply-loved first lady.

## ARISTIDE BRIAND—

Aristide Briand possibly lacked many of the elements of true greatness. Really great men have been conspicuous by their absence from the world in recent years, and the sad plight of both Europe and America is abundant testimony to the mess that lesser men have made of things.

But Briand deserves the grateful memory of a distraught world. As far as lay within his power, he worked to heal the wounds left by the war. He strove constantly for a better understanding between France and Germany. When Stresemann of Germany risked his political life to work for an enduring peace, Briand met him more than half way—and similarly risked his own political life.

It may be that a larger man, in Briand's position, could have done more. That is for future historians to mull over. At present we need only remember that Briand worked earnestly and unselfishly to make the world a better place in which to live.

## THE HARBRINGER OF SPRING—

Glancing at the sports pages of the newspaper these days, one wonders how one would ever really become aware of the approach of spring if professional baseball should go out of existence.

There are, of course, such signs as blooming flowers, chirping robins, and so on. But there is not, anywhere, anything quite as certain and hopeful as the gathering flood of news stories from the spring training camps in the south and west.

Whether we ever see a big league game or not we at least get the stories from the training camps; and when we see them we know that dinter is about over. And the active, old-time fan, to whom autumn and winter are dull months at best—he comes out of his shell and prepares to start living again. They're playing baseball! Spring is just about here!

## ART AND HARD TIMES—

Hard times or no, the cause of art seems to be a flourishing one. The American Art Dealers Association recently came to bat with the estimate that during the past year gifts of paintings, sculpture and facilities for art appreciation and education worth more than \$136,000,000 were made to the American public.

Most of this is made up of the opening of new museums and of private collections turned over to the public. Chief among the latter is the \$50,000,000 collection of the late Henry Clay Frick, which became public property last fall on the death of his widow.

A year of depression may not seem a good year for such munificence. The charitable organizations could have used that \$136,000,000 very nicely. Yet to criticize would be to take a very narrow view. Those are gifts will be valuable to the nation for many years to come. Regardless of hard times, the money was well spent.

## SEABURY'S AMBITION—

Political writers in various parts of the country seem to have been rather dismayed by the speech Samuel Seabury, the famous exposé of Tammany graft, made in Cincinnati the other day.

In that speech, you may remember, Mr. Seabury violently assailed Tammany and its system of municipal government; and the political writers, in horror, began at once to suspect that the man may be looking for the democratic presidential nomination. This, one gathers from their writings, would be a terrible thing, if true.

But it is a little hard to share in their shocked surprise. Suppose the man were meditating on the White House; what of it? The race is still open. And there are worse recommendations for the job than the sort of work Mr. Seabury has been doing in New York City during the past few months.

## "KIDNAPINGS AND KIDNAPERS" THEME TALK REV. VALIANT

A brief introductory message will be brought by Ira L. Peterson, Y. M. C. A. secretary, at the First Baptist church tomorrow evening, on the subject, "The Welfare of Brainerd Young People."

The sermon will be preached by the Rev. Edgar A. Valiant, in which the subject, "Kidnapings and Kidnapers," will be presented.

Instrumental music consisting of a piano solo by Gerald Schrader and numbers by the violin quartet, under his direction, and an anthem by the choir will be on the evening program.

At the morning service Rev. Valiant will speak on "The Rest Giver."

An afternoon service will be conducted at Mill Mission in N. E. Brainerd at 2:30 o'clock.

## ANNOUNCE DATES NEXT COURSE ADULT EDUCATION IN CITY

Following several highly successful courses, the last of which was concluded Friday, Mrs. Rebecca Nelson, representative of the University of Minnesota, announced yesterday that the next of the courses would be held April 14 and 15.

The sessions are scheduled for 2:30 and 8 p. m. Thursday and 9:15 a. m. Friday.

Declaring that the privilege of being a parent exacts more intelligence than any other form of occupation, Mrs. Nelson explained the emotional phase of a child's life during the adolescent period. She divided the responsibility, saying that the mother's duty and training was imperative between infancy and eight years old. The father, generally, has the more influence with the children from eight to 12 years old. After that, it behooves both parents to exercise their knowledge in training their children, the speaker said.

Outside social privileges usually begin at 14, Mrs. Nelson said, both parents directing these diversions. Parents must cultivate a sympathetic attitude, Mrs. Nelson declared. They must live the lives of their children. "Too many parents fail to revert back to their childhood days and thereby deprive their children of the companionship and understanding they need," she warned.

Last week's sessions brought forth many questions.

# CROSBY-IRONTON PLAYS WINONA OPENING ROUND OF STATE Grapefruit Season Swings Into Full Sway With Six Games Carded

## RANGERS CAPTURE REGIONAL; DEFEAT GLENWOOD 25 TO 9

VICTORIES ESTABLISH FACT THIS DISTRICT IS FASTEST IN REGION

Crosby-Ironton plays Winona at 4 p. m. next Thursday at the Minnesota field house in the Range boys opening clash of the big time high school basketball in the state.

The Rangers showed their superiority in the regional tournament finals at Alexandria last night by winning 25-9 over Glenwood without a hard struggle.

If the Rangers can win over Winona they stand a good chance to go through to the championship. Winona, winner of the Big 8, is rated one of the strongest entries in the state tournament.

Crosby-Ironton has set the entire state basketball fandom talking by its spectacular climb through the regional, eliminating Glenwood by a one-sided margin.

Glenwood wrecked Moorhead's chances to enter the state tournament for the eighth consecutive time by winning 15-12.

The Rangers' victory established conclusively the superiority of this district in fast cage sport over all other districts in the region.

Playing anywhere near their consistent form or maintaining their pace from the district any one of Crosby-Ironton, Staples and Brainerd would have copied the regional tourney this year.

Crosby-Ironton has the strong backing of every school, player and fan in the district. The players have ceased to represent one school and the range towns. They are in the race with the colors of every school in the district.

The Rangers returned to their home towns today to be greeted by cheering fans and to receive the congratulations of school and village officials.

Hundreds of fans packed the C-I. high school last night to hear returns of the game. They went wildly excited as the Rangers piled up a strong lead in the early part of the game and continued to increase it.

St. Paul, Minn., March 12.—Three regional basketball champions rested today on the laurels won in elimination for the right to play for the state title at the University of Minnesota fieldhouse next week.

The five other contestants in the state final tournament will be selected in games tonight.

Those who already have won their places among the final eight teams are:

Regional No. 1—Winona.  
Regional No. 2—Crosby-Ironton.  
Regional No. 3—Thief River Falls.  
Regional No. 4—Crosby-Ironton five over Glenwood, the team which put Moorhead, eight times regional champions, out of the picture, was somewhat of a surprise because observers had said that the Glenwood team should win if they played as they did against last year's regional champions.

Scores of yesterday's games in all eight regionals were as follows:

Regional No. 1, Winona 45, Harmony 15, championship. Albert Lea 22, Faribault 17, consolation.  
Regional No. 2, Mankato 26, Jasper 12, Fairmont 17, Mountain Lake 16.  
Regional No. 3, Montevideo 24, Buffalo Lake 6, Balaton 23, New Ulm 21.  
Regional No. 4, Northfield 21, St. Peter 13, Johnson (St. Paul) 21, South St. Paul 15.

Regional No. 5, Waconia 23, Maple Lake 22, Princeton 22, Litchfield 13.  
Regional No. 6, Crosby-Ironton 25, Glenwood 9, championship. Moorhead 36, Starbuck 25, consolation.  
Regional No. 7, Denfeld (Duluth) 26, Barnum 14, Chisholm 18, Gilbert 14.  
Regional No. 8, Thief River Falls

29, Bemidji 19, championship. Twin Valley 32, Greenbush 31, consolation.

## BAT WINS CHANCE FOR CANZONERI GO

New York, March 12.—(UP)—Bat Battalino, Hartford's reformed featherweight champion, today decided his chances for a title bout with Lightweight Champion Tony Canzoneri were downright rosy, all because of the pasting he handed Eddie Ran.

He beat the hard-socking Polish boxer in their ten round bout at Madison Square Garden, last night, before 15,000 spectators.

Ran, who planted not more than half a dozen of his famous choppers, held a weight advantage of eight pounds, having come in at 146 as compared with the Bat's 138.

Battalino's next objective is the tentatively scheduled bout with Billy Petrolle of Duluth, Minn., March 28.

Kansas City, Mo., March 12.—(UP)—The Wichita, Kan., Henrys and the Maryville, Mo., State Teachers play tonight for the National A. A. U. basketball championship. These two teams emerged from last night's semi-final games victorious over competition stern enough to establish their right to the championship fling.

The following games are scheduled: New York Yankees vs. Boston Braves; New York Giants vs. Chicago Cubs; Philadelphia Phillies vs. Cincinnati Reds; Cleveland vs. New Orleans; Detroit vs. San Francisco; Philadelphia Athletics vs. Indianapolis.

## CUBS TRIM GIANTS IN SECOND OF 6-DAY EXHIBITION SERIES

By United Press

The 1932 major league exhibition season starts today. A few teams already have jumped the gun with games during the past week, but the season actually gets underway today with six games scheduled, involving nine major league teams.

The following games are scheduled: New York Yankees vs. Boston Braves; New York Giants vs. Chicago Cubs; Philadelphia Phillies vs. Cincinnati Reds; Cleveland vs. New Orleans; Detroit vs. San Francisco; Philadelphia Athletics vs. Indianapolis.

Los Angeles, March 12.—(UP)—The New York Giants will try to turn the tables on the Chicago Cubs in the second of their six-game exhibition series today. Yesterday, the Cubs won 3 to 1, taking advantage of three passes in the fourth, when Parmelee was wild.

Tampa, Fla., March 12.—(UP)—Whitey Hatcher, recruit from Peoria, was slated to start pitching for the Cincinnati Reds against the Phillies in their exhibition game today. Phil Collins and Reg. Grbaowski are expected to be openers for the Philadelphia team.

San Francisco, March 12.—(UP)—The Detroit Tigers will seek revenge today for yesterday's 5 to 4 defeat by the San Francisco Missions, who got to Pitcher Hering for one run in the last half of the ninth to win.

Biloxi, Miss., March 12.—(UP)—The Washington Senators play their first exhibition game Sunday against the Baltimore Orioles.

Clearwater, Fla., March 12.—(UP)—The Brooklyn Dodgers meet the Cincinnati Reds at Tampa tomorrow in an exhibition game. Manager Max Carey announced he would use Vance, Moore and Jones as pitchers.

Paso Robles, Calif., March 12.—(UP)—The Pittsburgh Pirates will hold a light workout today before leaving for Oakland to play a double-header tomorrow with the Oakland club of the Coast League. The regulars tied the yanigans yesterday, 5 to 5, in an 11-inning game.

Savannah, Ga., March 12.—(UP)—The Boston Red Sox regulars and yanigans will meet today in a nine-inning contest. Yesterday the rookies nosed out the regulars 4 to 3, in seven innings.

## RUPPERT ENROUTE FLORIDA TO DICKER WITH THE BAMBINO

New York, March 12.—(UP)—Col. Jacob Ruppert, owner of the New York Yankees, was enroute to Florida today to sign Babe Ruth to a one-year contract for \$70,000.

"The Babe will sign a one-year contract for \$70,000 Sunday forenoon," Colonel Ruppert said last night just before boarding the Havana Special for St. Petersburg where the Yanks are training.

"I am positive Ruth will accept that salary," the ruddy-faced millionaire continued.

"I'll arrive in St. Petersburg at 7:30 Sunday morning. We'll have a conference immediately and he'll sign right away so he can take part in Sunday afternoon's exhibition game. That's it! That's it! He wants to play in the afternoon, so he'll sign in the forenoon."

The original contract in January offered the slugger \$70,000 for one year. Ruth rejected it, demanding last year's salary of \$60,000 for one year, or \$70,000 annually on a two-year contract.
